BEST PRACTICE I

ORGANIZATION OF ALL IN ALL NATIONAL MOOTING EVENTS

GOAL : To imbibe true professionalism among students of law.

Context: Traditional Mooting events focus only on appellate advocacy and makes the participants to prepare well in advance by having assistance of advocates and readymade references. Traditional mooting gives opportunities only to the mooters to show their skills relegating role of audience as passive spectators.

The practice: The unique all in all advocacy moot court event is quite different from traditional mooting. The competitors are assessed in terms of their capacity to extract facts from client through client counseling, bringing amicable settlement through the process of mediation / arbitration, art of examination of witnesses through trial advocacy, application of knowledge in law and fact through appellate advocacy. Interestingly in client counseling they learn one to extract facts, in mediation they capture the fair view of problem and in trial advocacy they understand intricacies of the problem and in appellate advocacy he masters the problem. In all these process facts of the case is not given in advance. All level shows an extempore preparation on the part of students. Interestingly the students of our college perform the role of clients and witnesses giving win win situation to the participants and the hosts.

The very introduction of this all in all advocacy moot court competition is revolutionary in the mooting history of our country. Participants after participation appreciated the structure, organization of the competition and our students as clients and witnesses appreciated by presiding officers more than the competitors.

The turn out of this practice is that, it makes students to face court room irrespective of his preparation of the case, promotes spontaneity, legal research, court manners and overall professionalism among them.

Outcome 1. Understanding intricacies of different dimensions of legal profession

2. Active student participation as clients witness
3. Spontaneity in reasoning logic and argumentation
4. First hand learning of law
